

Vision and Mission of the Department

Vision

To build a world-class department by excelling in research, design and development areas through sustainable growth, in order to produce the best globally competitive engineers.

Mission

- To develop mechanical engineering graduates and post graduates, for a successful career in industry and academia around the world through effective teaching learning and training.
- To develop the capability of graduates and postgraduates for creating innovative products/systems in order to improve the quality of life.
- To establish an environment which encourages and builds an exemplary professional having ability to solve societal problems through engineering and professional skills.
