Alumni Portal

Creating an alumni network is crucial to an educational institution's success. Once communication stops and students leave the institution, their connection loosens gradually. Therefore, they should be kept informed, engaged and abreast with the progress of the university. Good alumni relationships bring many benefits to both the institution and the alumni. The university has a dedicated alumni portal to connect with its alumni (<http://www.gjust.ac.in/alumni/login.php>).

Alumni Database

Databases for alumni are vital to learning in an educational institution. The data and information are needed to communicate, verify, archive and search the alumni. The *Department of Alumni Relations* maintains a database of registered alumni on a continuous basis (<http://www.gjust.ac.in/alumni/login.php>).

Alumni Meet

Aim of the alumni meet at GJUS&T and HSB is to foster a sense of community among alumni, faculty and present students of the university. It inculcates a sense of connectedness with the institution. Alumni meet helps the alumni exchange information about their work, experiences and help each other with networking needs such as hiring, referrals for specific expertise, or looking for a new job.
